

MOTHER'S DAY CARD for Youth Group

Allow the teens in your Youth Group to make hand-made cards for Mother's Day.

Provide construction paper or blank note cards, pens and markers.  
Bring in glue, sequins, glitter, stickers and/or other decorative items.

In this example, they should remember a time when they did something silly or wrong, but their parent still responded well. Then they fill in the blanks on the card with their own story.
